Our Mission

Nurturing each student
Educating all students
Building world citizens

District Profile

Our community has a 100 year history of enthusiastic support for our schools. Not only do we enjoy close relationships with the City of East Lansing and Michigan State University, but we also benefit from 2,000 parent and community volunteers. The rich diversity of people, including those from over 60 countries, gives our students rare opportunities to learn about, understand, and respect differences among people.

We are a medium-sized suburban school district. Our 12.5 square miles includes most of the City of East Lansing and small portions of Lansing, Lansing Township and Meridian Township.

During the 2005-06 school year, 3,421 students were educated in six elementary buildings: 4 (K-4) buildings, 2 (5-6) buildings, one middle school (7-8), and one high school (9-12). In June 2006, we graduated 228 seniors. We employed 230 teachers with 73% holding advanced degrees. Many have also achieved state and national recognition in their fields.

From the Superintendent

The collection of information, data and reports which follow all combine to create a snapshot of the 2006-2007 school year within the East Lansing Public Schools. The Annual Report is presented annually within the context of a regular Board of Education meeting in October or November. Copies are available at the Board of Education office located at 841 Timberlane and can also be accessed through the district website: www.elps.k12.mi.us. Questions and comments about the report are always welcome.

Within this report you will see many points of pride, yet you will also see certain areas identified where we are seeking to improve. Accountability on our part, coupled with your suggestions and affirmations, ensures the district remains dynamic. We look at ourselves as constantly striving to become better and we need your help to do so. Please stay involved.

The 2006-07 school year in East Lansing was another remarkable one for our school district. Among many other things, a committee of 43 teachers and administrators, Board of Education members and members of the community completed a significant strategic plan to help guide the district through the 2010-2011 school year. Implementing this student-centered plan will enable the East Lansing Public Schools to continue to improve into the foreseeable future. The 2007-08 school year holds great promise for our students, staff and community.

Enjoy your reading and please ask questions.

School Improvement Plan

North Central Association (NCA) is the district's school improvement process. All of the schools in East Lansing, K-12, are accredited by NCA. The NCA framework is based on a ongoing five year cycle, starting with formation of vision and investment in the process, followed by the development of the School Profile, creation of the building School Improvement Plan, and implementation and measurement of progress toward goals. The NCA process operates at both district and building levels:

- * The district steering committee is comprised of administrators and faculty from each school, a parent, school board member, Director of Educational Services, and the Superintendent. This group met approximately two times in 2006-07 to prepare for NCA Peer Review Team visits to assess building School Improvement Plans, and to participate collaboratively in team visits for other schools in the district (along with visiting Peer Review Team members). Site visits were productive, with building teams receiving feedback to modify and improve plans, as well as to assist implementation. Plans include continuous data collection to inform next steps in the process.
- * At the building level, seven schools received approval on their School Improvement Plans, with the high school continuing work on its School Profile.

For 2006-07, the district's five primary academic goals remain as outlined:

- * The East Lansing Public Schools curriculum will be aligned with the State of Michigan Curriculum Framework while providing an educational program that encourages academic excellence for all students.
- * All East Lansing students will utilize technology to enhance learning.
- * East Lansing Public Schools will continue to build and enhance communication and relationships with the community.
- * East Lansing students, as productive members of society, will be able to

demonstrate their knowledge of critical thinking, civic and personal responsibility, and life skills.

- * East Lansing Public Schools will make financial decisions to support student achievement that reflect ongoing investment in our school community.

School Improvement Goals

The district continues to implement the core academic improvement objectives in each content area as follows:

English Language Arts: All students at each grade level will use reading, writing, listening, speaking and viewing to effectively communicate orally and in writing across a variety of disciplines now and in the future.

Mathematics: All students at each grade level will develop mathematical power to participate fully as a citizen and worker in our global world.

Science: All students at each grade level will demonstrate essential scientific literacy as defined by national and state standards.

Social Studies: All students at each grade level will be prepared to become active, contributing, and socially responsible citizens of their school, community, nation and world.

In addition, on May 21, 2007, the Board of Education adopted a new Strategic Plan for 2007-2011, which will be operational in Fall 2007, incorporating new district wide goals and strategies for improvement.

Core Curriculum

In collaboration with the Director of Educational Services and district administration, the Curriculum Council, created in 1998-1999, continued the staff-driven process of curriculum development and enhancing our instructional program. Curriculum Council, along with other district educators, works collaboratively to align district curricula with the Michigan Curriculum Framework. The district's purpose is to enable students to meet or exceed state requirements for achievement, with an ongoing thrust for encouraging academic excellence for all students. The district has additionally focused on the following goals over the past year:

- * Preparation for realignment of the K-8 English Language Arts curriculum and units to the changes in the K-8 Grade Level Content Expectations (GLCEs).
- * An extensive review of several elementary mathematics programs, with adoption of new research-based programs for K-6 classrooms. The new programs are strongly aligned to the K-6 mathematics Grade Level Content Expectations (GLCEs) and met other rigorous, objective criteria for adoption.
- * Development of new course content and sequence of high school math and science programs to align with new MDE High School Content Expectations (HSCEs).
- * Adoption of new local high school graduation requirements aligned to Michigan's requirements, with preparations for Fall, 2007 implementation (required by Michigan law for the Class of 2011).
- * Planning for future alignment of K-12 science and social studies curricula to new Grade Level Content Expectations (GLCEs), when they are approved by the State Board of Education.

Special Education

The district has 420 students receiving special education services representing about 8% of the school population. The district is committed to providing education for these students in the least restrictive environment that meets their needs. Most of the special education students attend regular or special classes in neighborhood schools. However, a few attended specialized schools. The legal authority for placement in a special education program is an Individual Educational Planning Team.

Average Class Size

This is the classroom ratio of pupils to teachers. It is calculated by dividing the K-12 (excluding special education) enrollment of a school by the number of K-12 classroom teachers reported by the school. The number of K-12 classroom

teachers does not include teachers in special education, compensatory education, vocational education, or other basic programs. Using this Michigan Department of Education definition, our average class size in the elementary buildings is 23, at the middle school 23, and at the high school 21. The average pupil/teacher ratio for the district is 22.

School Board Parent Involvement Policy

The Board recognizes the importance of parent involvement in the school improvement process. A parental point of view is vital since parents are key contributors, as advocates and resources to the overall school program. The Board seeks to encourage participation of parents, but also recognizes the unique qualities of the schools that are reflected in their individual school improvement plans. Therefore, the Board holds each school responsible for selecting an appropriate model for parental involvement in their school improvement process.

Parent Involvement

Parent participation is very high at parent-teacher conferences held twice a year at all district schools.

	06-07	05-06
High School	53%	55%
Middle School	75%	67%
Elementary Schools	98%	98%

Another avenue of participation for parents and community members without children in our schools is through our volunteer program. More than 2,000 volunteers, including almost 300 Michigan State University students, provided over 20,000 hours of assistance on school and district projects this year. Without the help of these talented and dedicated individuals we could not maintain our high standards.

Teacher Qualifications

100% of East Lansing School District teachers are highly qualified as defined by criteria of the No Child Left Behind (NCLB) legislation passed in 2001. A parent has the right to know the particular teacher qualifications of his/her child's teacher (s). The East Lansing Public School District point of contact for this information is:

Kelley A. Peatross
Director of Human Resources
East Lansing Public Schools
841 Timberlane, Suite A
East Lansing MI 48823

Professional Development

Professional development for all educators is a significant priority in East Lansing, and is targeted to enhance curriculum development, increase student achievement, and to build staff capacity to implement research-based best practices. Thirty hours of professional development time was included in the school year calendar, with district and building staffs participating in collective professional development experiences including:

- * **District-wide Professional Development:** all staff attended an August presentation by Dr. Harry Wong, a nationally-renowned expert on effective classroom routines, lesson design, and classroom management, followed by building discussion and planning.
- * **Bullying Prevention Training:** Dr. Marcia McEvoy, a renowned expert in bullying prevention in schools, provided all staff and students at K-12 buildings focused training designed to reduce bullying, while building student and staff capacity to identify and appropriately respond to incidents involving intimidation, harassment, and other forms of aggression.
- * **Literacy Inservices:** English Language Arts inservices were provided at K-6 to enhance instruction through unit planning and Readers' and Writers' Workshop. In keeping with an ongoing commitment to common professional development at the elementary level, several teachers participated in Literacy Instructional Frameworks for Teachers, a series offered at the ISD.
- * **Mathematics:** K-6 staff developed a common unit assessment on an identified mathematics strand, and examined data on student performance to adjust instruction. Many staff members attended ISD mathematics inservice on Cognitively Guided Instruction.

- * **Analysis of Student Achievement on Standardized Tests:** building staffs engaged in analysis of MEAP, Iowa, and college admission and placement tests by content, grade level, and subgroup performance, using data to discuss curriculum revision, instruction, and student interventions.
- * **North Central Accreditation (NCA):** All staff participated in professional development in their buildings to address goals to improve student achievement.
- * **PROM/SE Grant:** East Lansing Teachers participated in a grant through Michigan State University entitled Promoting Rigorous Outcomes in Math and Science Education. Teachers attended professional development workshops to improve content knowledge and instructional effectiveness in mathematics and science. Several staff also participated in week-long Summer Institutes in math and science.
- * **Special Area Inservices:** K-8 special area staff participated in inservices related to their content areas, including art, music, physical education, and English Language Learners (ELL).
- * **Special Education:** K-12 special education staff participated in an inservice conducted by Ingham ISD consultants on writing effective Individualized Educational Plans (IEPs) in compliance with special education requirements.
- * **Content Specific Training:** Each curriculum department facilitated content specific training for staff.

ATTENDANCE RATES 2006-2007

The following table indicates the level of attendance for each student demographic and whether that met the state's objectives. The attendance rate is the percentage of total school days that students in a school or district are present in school.

This information was obtained by the school district through the Michigan School Report Cards from the Michigan Department of Education website (<https://oeaa.state.mi.us/ayp/https://>)

School	All Students	Black or African American	American Indian	Asian or Native Hawaiian	Hispanic or Latino	White	Multi-racial	Students with Disabilities	Limited English Proficiency	Economically Disadvantaged
Donley	98.9%					99.2%				98.3%
Glencairn	95.8%	95%		96.4%		96%				95.5%
Marble	96.4%					96.7%				
Pinecrest	94.8%					95.3%				93.1%
Red Cedar	96.6%			97.1%						96.5%
Whitehills	96.1%	96.2%				96.%				94.8%
MacDonald	93.1%	93.4%		96%	92.2%	92.8%		89.3%		91%
High School	Graduates of Class of 2006– all students– 85.27%									
State Target	Elementary and Middle School must have an attendance rate above 85%. At the high school level, a school must meet Michigan's minimum graduation rate of 80%. A dash (-) indicates that there are too few students in this category for this rating to be applicable.									

**For 2006-07, all of the buildings met
the state attendance objectives.**

Retention Rates

The district's retention rate is defined in the State School Aid Act as the proportion of pupils who have not dropped out of school in the immediate preceding school year. The breakdown for the last three years is as follows:

2004-05 = 99.21%

2005-06 = 97.34%

2006-07 = 96.16%

Dropout Rates

The district's dropout rate reflects the percentage of students who left our high school this year and are not, to our knowledge, enrolled in any other school. The breakdown for the last three years is as follows:

2005= .79%

2006= 2.66%

2007=3.84%

Retention/Dropout Rates 2005-06

Class of:	2009	2008	2007	2006	Total
Actual Enrollment Fall 2005	300	318	277	240	1135
Adjusted Fall Count 2006	299	303	265	227	1094
Class of 2006 Graduates			7	218	225
Unaccounted Dropouts	8	10	15	9	42
2006 Retention Rate %	97.32%	96.70%	94.34%	96.04%	96.16%
2006 Dropout Rate %	2.68%	3.30%	5.66%	3.96%	3.84%

Graduation Data for the Class of 2007

Graduates=228

Graduates by Race/Ethnicity	Graduates by Gender	Total % of Graduates
White (Non-Hispanic)	169 Male=79 Female=90	74%
Black or African American	26 Male=12 Female=14	11%
Asian	20 Male=12 Female=8	9%
Hispanic	9 Male=3 Female=6	4%
Native American	1 Male=1	.4%
Multi-Racial	3 Male=1 Female=2	1%

Non-Graduates=10

Non-Graduates by Race/Ethnicity	Non-Graduates by Gender
White (Non-Hispanic)	5 Male= 2 Female=3
Black or African American	2 Male=2
Hispanic	3 Male=3

Accreditation Status

The Michigan Revised School Code requires the Michigan State Board of Education to set standards for the accreditation of public schools in Michigan. The State Board of Education has set *Education YES!* as the system to accredit Michigan Schools. Schools are also accredited through the North Central Association Commission on Accreditation and School Improvement, which is one of six regional school accreditation authorities recognized by the U.S. Department of Education. Taken together, *Education Yes-A Yardstick for Excellent Schools* and Adequate Yearly Progress (AYP), under the federal No Child Left Behind Act (NCLB) is Michigan's school accountability system. NCLB requires that each state have a single school accountability system that addresses all public schools in the state; this includes AYP in accordance with the specific federal requirements.

North Central Accreditation

The North Central Standard—to maximize the proportion of promoted or graduated students who are self-directed learners and are prepared to make successful school-to-school or school-to-career transitions—is a single overriding commitment to excellence. NCA has specific membership and improvement criteria in place to help schools develop their capacity to achieve the standard.

The NCA performance accreditation framework provides a systematic, comprehensive process for examining school and student performance through collection and analysis of data, identifying goals, and researching and implementing educational interventions to increase student achievement. Full participation in the process builds school capacity for effective performance as teaching and learning communities. All schools in East Lansing are fully accredited by NCA at the building level.

The School Report Card

Education YES! uses several components that are interwoven to present a complete picture of performance at the school level. *Education YES!* is a broad set of measures that looks at school performance and student achievement in multiple ways. The school report card provided by the Michigan Department of Education provides an assessment of several measures of each school's performance. In addition, the Indicators of School Performance measure investments that schools are making to improve student achievement, based on indicators that come from research and best practice.

Measures of student achievement in Michigan's school accreditation system include:

- ◆ **Achievement Status** – the weighted index continues to be the basis of the calculation of Achievement Status. A score for Achievement Status is calculated for all schools where at least 30 students have valid MEAP scores in the content area at that grade range.
- ◆ **Achievement Change**—for elementary and middle schools, multiple linear regression has been used to predict each school's 2006-07 percent proficient based on the school's data from 2003-04, 2004-05 and 2005-06. A prediction has been made for each content area and grade level that was tested in previous years. The prediction is compared to the school's actual 2006-07 percent proficient. This method allows the determination of an Achievement Change component, even across assessments that are not comparable. The school's achievement status score in each content area is adjusted based on whether the school exceeds or does not meet the prediction.

- ◆ **Indicator of School Performance**—based on 40 key characteristics from the School Improvement Framework approved by the State Board of Education. Each school team assigned a rating and provided evidence for each characteristic using standardized rubrics.
- ◆ **State Accreditation**— Schools that are labeled "A," "B," "C," "D/Alert" will be accredited. Schools receiving an "A" will be summary accredited and schools that receive a "B," "C," or "D/Alert" will be in interim status.
- ◆ **Scores** on all three components of Education YES! have been converted to a common 100 point scale where: 90-100 A; 80-89 B; 70-79 C; 60-69 D; and 50-59 F.
- ◆ **Adequate Yearly Progress (AYP)**—the measure used to hold schools and districts responsible for student achievement in English Language Arts and Mathematics. AYP is based on Michigan Educational Assessment Program (MEAP) test results, participation rates in MEAP testing, and attendance or graduation rates.

The 2006-07 Michigan School Report Cards

The reporting format for the School Report Card has not changed from prior years in that scores and grades are calculated for each content area for each school. The content areas remain the same, using English Language Arts and Mathematics at the elementary level, while adding Science and Social Studies as tested by the MEAP in grades 5 through 11. The score and grade for each content area is based on the score for achievement status, as adjusted by averaging it with the score for achievement change. In cases where the score for achievement change cannot be computed, the score and grade for each content area will be assigned based on the achievement status score.

The *Education YES!* Composite Grade—The State Board of *Education YES!* Policy states the school's indicator score cannot improve the school's composite score and grade by more than one letter grade more than the school's achievement grade. This means that a school that receives an "F" for achievement can receive a composite grade no higher than "D/Alert."

MEAP Test Results

The chart shows the percentage of students who achieved proficiency in the Fall 2006 MEAP test.

Elementary, middle, and high school MEAP scores are reported as percentages of students who exceeded or met state standards.

Proficient is defined as students scoring in levels 1 or 2 (exceeds Michigan standards or meets Michigan standards) on MEAP.

MEAP data included in this annual report is the data provided by the MEAP office. Our schools and district have made every effort to verify the accuracy of the data, including number of students tested and all identified corrections/concerns have been submitted to the MEAP office.

The MEAP data can be found on the Michigan Department of Education's website at: michigan.gov/mde

MEAP Test Results

The chart shows the percentage of students who achieved proficiency in the Fall 2006 MEAP test.

Elementary, middle, and high school MEAP scores are reported as percentages of students who exceeded or met state standards.

Proficient is defined as students scoring in levels 1 or 2 (exceeds Michigan standards or meets Michigan standards) on MEAP.

MEAP data included in this annual report is the data provided by the MEAP office. Our schools and district have made every effort to verify the accuracy of the data, including number of students tested and all identified corrections/concerns have been submitted to the MEAP office.

The MEAP data can be found on the Michigan Department of Education's website at: michigan.gov/mde

In compliance with the State Code for Michigan, the East Lansing Public Schools administered the Iowa Test of Basic Skills to first through eighth grade students. This is a standardized achievement test widely used throughout the nation. School district, building and individual student scores are compared against the national norm of 50th percentile. Comparative results are provided.

Home of the Donley Dolphins!

Donley Elementary is a family-oriented, student-centered, K-4 learning environment. With a student population of 348 and dedicated staff of 40, our students receive a great deal of personal attention. Emphasizing a strong curriculum and experience-based, hands-on learning, we are committed to helping all children learn. Teamwork and cooperation are very important words around our school! Students, faculty, staff, as well as community members, work together on projects to improve our school and instill a high level of pride in our Donley Dolphins! In fact, Donley's school code is P.R.I.D.E. The letters stand for Participation, Respect, Integrity, Dignity and Effort! We work together to help each and every Donley Dolphin experience ongoing success!

Pamela Andrews, Principal

Mission Statement

It is the primary mission of Donley Elementary School to teach all students to learn to the best of their ability and to use critical and analytical thinking skills to find and use information. Students will effectively communicate their knowledge through spoken and written language. We will nurture personal and social development, promoting respect of self and others in a safe and orderly environment, so that all students will be respectful and cooperative life long learners.

School Improvement Plan

The school improvement plan is based upon disaggregation of our school's MEAP scores for the past three years, Iowa tests and classroom benchmark assessments. The East Lansing School District uses the North Central Accreditation process as a framework for school improvement. All faculty members participated in disaggregating test data as well as serving on goal setting committees.

School Improvement Goals

Donley's school improvement goals were agreed upon following the NCA model.

Goal 1: All students will increase skills in mathematical problem solving, concepts and computation across the grade levels.

Goal 2: All students will show improvement in writing skills and reading comprehension.

Core Curriculum

The goal of education is to provide all learners with a solid foundation of skills, knowledge, and understanding that are necessary for their continual growth and success as students within the school setting and eventually as adults in our society. The core curriculum at William Donley Elementary School provides learning experiences in all areas of English/language arts (reading, writing, speaking, listening, spelling), mathematics, science, social studies, health, physical education, music, art, and computer instruction, as well as enrichment activities. Lessons are modified as needed by general education teachers. We have ELL, Special Education and Title 1 support. All of Donley's district adopted curricula are aligned to the Michigan Curriculum Framework.

Parent Participation

As stated earlier in this report, parents are a very important part of the Donley Team. Continuing a multi-year trend, parent/guardian participation in both the 2006-07 fall and spring conferences again hit 99%! This high level of participation has been a constant "point of pride" here at Donley, but it extends past conferences. Donley's success is directly linked to involved parents who contribute hundreds of hours of service to projects, including:

- * Reading to students
- * Helping students in the Computer Lab
- * Providing classroom presentations based on personal experience or expertise
- * Anti bullying efforts

- * Organizing Read to Succeed partnership with MSU athletes.
- * Organizing and funding school wide trips to the Wharton Center.

Teacher Qualifications

For the 2006-07 school year, 100% of our Donley teachers were highly qualified.

Accreditation Status

Donley School is accredited by the North Central Association. For the 2006-07 school year, our school met the State's Adequate Yearly Progress standards.

Points of Pride

- * Parent Council and staff worked together to build a strong Literacy Program throughout the building. Parents donated books, read to classes on a regular basis, and raised funds for our reading room (\$11,000 to date).
- * Parent volunteers worked with students and staff to organize a coat drive for a shelter in our community.
- * MSU athletes volunteered their time to talk with Donley students about the importance of reading to succeed as well as read with them!
- * Parent volunteers and teachers make "March is Reading Month" an extremely fun and challenging time of year for our students.
- * MSU students were our pen pals throughout the school year.
- * Over 160 students participated in our jump rope club after school.

For more information on the district, please see the district annual report on our website at: elps.k12.mi.us

CREATING A LEGACY OF LEARNING

Welcome to Glencairn. Students at Glencairn experience a unique learning environment designed to help them succeed.

Glencairn is a 5/6 grade elementary school located in East Lansing, Michigan. Established in 1952 as a K-6 school, Glencairn has long had a great reputation as an excellent learning institution. The attendance area, reestablished in 2003, takes in students from the Marble and Red Cedar Elementary attendance areas. Two hundred and twelve ethnically diverse students, from a wide variety of backgrounds, languages and customs from around the world attend our school. It is truly a microcosm of diverse learners who bring a wide range of personal experiences to school.

Educators at Glencairn and Whitehills work collaboratively to provide a consistent, quality educational experience for fifth and sixth graders in the East Lansing Public Schools, focused on common curricula, assessment, and instructional practices. Teachers meet in grade level meetings to articulate professional practices and engage in professional development.

As we celebrate a new spirit of educational excellence at Glencairn, the future holds great promise for our "small but beautiful meadow in the woods," the real meaning of our Scottish name, Glencairn. And, as our school song proclaims, "We're a stalwart clan and we're from East Lansing's finest elementary school" (words and music by the Sponberg Family.)

Welcome to a great community of learners.

Anita Kelley, Principal

Mission Statement

To promote educational achievement for all learners to prepare them for responsible, successful citizenship.

School Improvement Plan

For the 2006-07 the NCA goal area chairs met with the NCA visiting team for input on Glencairn's progress toward goals to date. As a result of the visit, the team was encouraged that the hard work of data analysis and teaching the goal areas, implementing teaching interventions, proved fruitful. Suggestions for the future included recording minutes of each committee's work to assist in creating a history.

Staff also worked to improve student achievement through the Collaborative Analysis of Student Learning (CASL) model. Elements of CASL include meaningful teamwork, opportunities to learn, task commitment, a climate of high expectations for success, and a safe and orderly learning environment.

The author and trainer of the Collaborative Analysis of Student Learning worked with the Glencairn staff to assist them in the application of analyzing and improving student writing. As a culmination of this process, teachers were videotaped as they analyzed and discussed the spring writing prompts in May 2007.

We also focused on continuous improvement goals, regular monitoring, collection and analysis of student performance data, fostering a positive home/school relationship, and the development of a professional learning community within our school. It is clear that Glencairn is a work in progress. A culture of learning, based in part on measurable building performance goals, will continue to unfold in the coming years.

School Improvement Goals

Our school improvement goals have been approved by the North Central Accreditation Association. For the 2006-07 our staff focused on the following goals:

- * **Reading:** All students will show improvement in reading comprehension at all grade levels.
- * **Math:** All students will improve skills in mathematical problem solving, concepts, and computation at all grade levels.
- * **Writing:** All students will improve their ability to write in an effective, organized manner across the curriculum.

The active use of the CASL model continues to provide focused work and measurable results toward the achievement of our goals, with its focus on writing for 2006-2007.

Core Curriculum

The goal of education is to provide all learners with a solid foundation of skills, knowledge, and understanding that are necessary for their continual growth and success as students within the school setting and as adults in society. The core curriculum at Glencairn Elementary School provides learning experiences in all areas of language arts (reading, writing, speaking, listening, spelling).

Our curriculum and instructional programs also include math, science, social studies, health education, physical education, vocal and instrumental music, art, computer/technology instruction, and enrichment activities. As a result of the school district's long-range school improvement planning process, East Lansing has adopted exit outcomes, which are consistent with Grade Level Content Expectations (GLCEs) identified by the State of Michigan.

Parent Participation

Parents are a key component of the educational program at Glencairn. They are members of the district/building NCA Steering Committees, district/building parent councils, and various advisory committees. We continue to have between 97% and 100% of our students represented by one or more parents at parent-teacher conferences.

Glencairn School benefits from a large group of very supportive parents and community volunteers. Parents oversee the parent council or Glencairn School Association (GSA), organize parent council sponsored events, perform fund raising activities, assist with enrichment programs and classroom projects/field trips, provide funding for school enhancements and service learning projects, and in general support our students in their educational endeavors.

MSU students and other community members also volunteer in our building on a regular basis. We are part of MSU's Teacher Intern Program and welcomed seven interns for the 2006-07 school year as practicing teachers. Spring Arbor College, Alma College and Olivet College also collaborate with our school in providing student teachers to work with our highly qualified staff. Other community members often act as guest lecturers and instructors as well.

Guest lectures on topics such as violence prevention also support our students' learning. The MSU School of Osteopathic Medicine sponsored our Youth Friends Mentor Program and the Big Brothers Big Sisters of Greater Lansing sponsored a lunch buddy mentor program as well. Both programs are designed to provide youth with positive adult role models and to continue to build assets in youth that will enable them to succeed in school and in life.

Teacher Qualifications

For the 2006-07 school year, 100% of our Glencairn teachers were highly qualified.

Accreditation Status

Under the new accreditation guidelines which have been issued by the Michigan Department of Education, Glencairn Elementary School qualifies as a school accredited with recognition. Glencairn has met criteria to be fully accredited by the North Central association (NCA). For the 2006-07 school year, Glencairn met Adequate Yearly Progress (AYP).

Points of Pride

- * Fifth and sixth graders participated in the TEAM program with the East Lansing Police Department. TEAM provides ongoing support for alcohol and other drug-related education/prevention. The East Lansing Police Department and East Lansing Public Schools involve all elementary school students in learning about behaviors, skills and information to combat drug use.
- * Students, staff, parents and community members continued our strong violence prevention program within the school during the 2006-07 school year. Anti bullying skills and strategies, a progressive disciplinary plan, and high expectations all focus on supporting a learning culture that is safe and orderly for all students.

- * A successful mentor program continued during the 2006-2007 school year. The Big Brothers Big Sisters mentor program served 19 students as part of our school's lunch buddy program. The primary focus of the mentor program was to develop positive relationships and build assets in youth that will enable them to live healthy and productive lives.
- * Glencairn students, staff and parents teamed together on a student service-learning project that raised money to benefit their school and the Capitol Area Humane Society. The Walk-the-Walkathon, sponsored by our parent organization (GSA) was a successful event for our school and community.
- * Glencairn students partook of several rewarding arts experiences at the Wharton Center as part of our annual Artist in Residence program.
- * During the 2006-07 school year the Peer Assisted Leaders program was started. The students were selected based on criteria the staff selected to ensure success. The students participated in leadership activities in the school as well as community service and activities to promote good will and build a positive climate in the school.
- * Fifth graders enjoyed a trip to Greenfield Village and the Henry Ford museum as part of their social studies curriculum.
- * Sixth graders traveled to the Detroit Tigers game and enjoyed an excellent cross curricular experience.
- * Classroom teachers led individual community service projects in their classrooms. Activities such as dancing at the senior citizen center to a car wash for the police cars were part of the experiences.
- * Students participated in our annual March is Reading month activities and successfully read volumes of books.
- * The Glencairn staff are a point of pride. Their dedication to students is a remarkable asset we enjoy.

For more information on the district, please see the district annual report on our website at: elps.k12.mi.us

BE SAFE, BE COURTEOUS, AND BE LEARNING

Marble Elementary School provides a comprehensive educational program for 330 students in kindergarten through fourth grades. Our focus is to provide a quality educational opportunity for our students, with emphasis placed on the principles of best practice in education. This is made possible through the services of a strong instructional team.

- * 15 classroom teachers, 2 special education teachers, and highly qualified art, music and physical education teachers.
- * A full-time principal, reading specialist, and district media specialist and building media paraprofessional.
- * Support staff comprised of a social worker/child guidance consultant, a speech and language teacher, a psychologist, a teacher consultant and consultant for the autistically impaired, and an occupational therapist, physical therapist, and adaptive physical education instructor.
- * Additional supports include a full time secretary, custodians, lunchroom staff and volunteers.

We maintain that children learn best in an environment where there are relationships between the students and staff based on mutual respect and trust. We continue to incorporate the *Marble Code-Be Safe, Be Courteous, and Be a Learner*— as a guide when working together in the classroom, on the playground and throughout the school. This year we fully implemented the *Marcia McEvoy Bully Prevention Program* after students and staff were trained. Parents/guardians were provided an opportunity to attend an evening workshop with Dr. McEvoy.

Joanne Preston, Marble Principal

Mission Statement

We strive to prepare our students for the changes in our society by instilling respect, cooperation, exploration and a love of learning.

We believe:

- * Learning is a lifelong process;
- * Learning should be an enjoyable, engaging experience;
- * Each child can actively participate and succeed in learning;
- * Consistent and clear expectations create a positive learning environment;
- * Respect for self and others is a priority;
- * Our approach to instruction will challenge each child to reach his or her academic and creative potential;
- * Curiosity and confidence facilitate learning;
- * Responsibility for education is a community endeavor;
- * Communication and cooperation between staff, parents, children and community are essential to accomplish our goals.

School Improvement Plan

Marble's commitment to excellence is manifested in the school improvement process. The East Lansing School District has made a commitment to the North Central Accreditation process as a framework for school improvement. All faculty members are actively participating in the school improvement/NCA process.

School Improvement Goals

We follow the North Central Accreditation process as our model for school improvement. We focused our attention on completing Phase V, the action plan of the process. Faculty worked in committees to identify instructional strategies, professional development and assessments to guide and inform our instruction. The three goals are identified as our target areas for the school improvement process:

- * All students will improve in math problem solving, concepts, computation, and increase their level of comfort with math at all grade levels.
- * All students will improve communications through writing in various forms.
- * All students will better understand appropriate behavior and be more responsible for their own actions.

Core Curriculum

The goal of education is to provide all learners with a solid foundation of skills, knowledge, and understanding that are necessary for their continual growth and success as students within the school setting and as adults in society. The core curriculum at Marble Elementary School provides learning experiences in all areas of language arts (reading, writing, speaking, listening, spelling). Our curriculum also includes health, physical education, vocal and instrumental music, art, computer instruction, and enrichment activities. As a result of the school district's long-range school improvement planning process, East Lansing has adopted exit outcomes, which are consistent with those, identified by the state. All staff use the Grade Level Content Expectations outlined for schools by the Michigan Department of Education to guide their instructional planning. Our curriculum is constantly revised and realigned to meet updated standards and benchmarks. We completed our math materials review this year. The board approved the committee recommendation to adopt the Every Day Math program. Teachers in grade K-5 will use the program beginning in the 2007-08 school year.

Parent Participation

Parent participation, involvement and support are key ingredients to the success of our students and the learning community. During the 2006-07 school year, we had a high percentage of parents participate in the ice cream social and open house nights. Our Fall and Spring parent/teacher conferences had a 99% participation average. A "Welcome Wagon" parent committee provided personal contact time to welcome new Kindergarten families prior to the start of the 2006-07 school year. Many families participated in our Kindergarten play date prior to the start of the school year. The Marble Parent Council supported students in academic areas through volunteerism, by sponsoring and chaperoning field trips and other events, participating in Author's Teas and Celebrations of Learning, reading to children at home and at school, attending conferences and evening events. Our parents/guardians have provided supports to staff and students in many ways both at the building and at home. The entire Marble staff appreciates the selfless involvement of our parents and community members in our students' educational careers.

Teacher Qualifications

For the 2006-07 school year, 100% of our Marble teachers were highly qualified.

Accreditation Status

Marble received Accreditation Status through North Central Accreditation. For 2006-07, Marble met Adequate Yearly Progress (AYP).

Points of Pride

- * Fourth grade students assumed leadership roles as Safeties and Kindergarten Buddies throughout the year.
- * Eighth grade students from MacDonald Middle School were learning buddies to our first and second graders.
- * Our music teacher provided students with an opportunity to perform for their families during either a day or evening performance.
- * Students in grades K-4 participated in Writer's Workshop.
- * One teacher completed a full year of Literacy training through the Intermediate School District.
- * Eight teachers participated in Cognitive Guided Instruction training for teaching Mathematics to young children.
- * Student artwork was displayed at the East Lansing Public Library and the board office.
- * Over 30 fourth grade students participated in an after school art club sponsored by our art teacher. Students painted and auctioned designer chairs at the Carnival to fund the continuation of the art club.
- * Many student participated in the after school activities: Friendship, Girls on the Run, The Reef Tank, Chess Club and other community activities.
- * Students participated in the fifth annual All School Garden Day.
- * Parents provided an evening Carnival for our students and the community.
- * Eight Michigan State University interns worked with collaborating teachers at Marble to complete their Teacher Preparation Training Program.
- * Marble teachers worked with eight Michigan State University interns.
- * Marble Parent Council provided financial support for all school enrichment opportunities provided through field trips.
- * Marble Parent Council sponsored and planned March is Reading Month activities with the reading teacher.
- * Fourth grade students participated in a two day field trip to Mackinaw City and Mackinac Island as part of their Social Studies.
- * Forty third grade students participated in the week long Big Zoo Lesson at Potter Park Zoo.
- * Several teachers wrote and were awarded grants through the East Lansing Educational Foundation.
- * Students have participated and won honors in the Midwest Academic Talent Search, State Spelling Bee, Chess Tournaments, Sports Programs, Music Competitions and other activities beyond their school day.
- * One of our third grade teachers, Mrs. Fuller, retired after 34 years of service and dedication to the students, staff and families in the Marble and East Lansing community.

For more information on the district, please see the district annual report on our website at: elps.k12.mi.us

The School With HEART

Pinecrest is a diverse school serving 375 students in pre-kindergarten through fourth grade. Located in the northern tier of East Lansing, Pinecrest has a proud tradition as a neighborhood school, and center of community activities. Our academic program stresses both fundamental skills and a challenging curriculum. Expectations for student behavior and academic performance are high. Parental involvement is welcomed and valued.

Pinecrest parents are partners in the school's operation by supporting and enhancing our curricular and extracurricular programs.

Our H.E.A.R.T. Program—*Harmony, Excellence, Ability, Respect and Togetherness*—serves as the cornerstone for our school. Students, staff and parents work together to make Pinecrest School a great place to learn by promoting and practicing H.E.A.R.T. Students learn how to treat one another with respect and to resolve problems in a peaceful manner. This has given parents, teachers, and students a common language, a nurturing environment, and a place for students to work and play together peacefully.

The focus for our work this year was to develop academic goals to increase student success in writing and mathematics. The Pinecrest staff will continue working toward enhancing the overall instructional program and striving to maintain and exceed our standards for excellence.

Cynthia K. Blakeslee, Principal

Mission Statement

The Pinecrest School Community provides a nurturing environment where each child is challenged to reach their full intellectual, social, emotional, and physical potential, enabling them to be responsible citizens of an ever-changing world.

School Improvement Plan

The school improvement plan is driven by the North Central Accreditation process, which is used across the school district. Our goals and objectives for improvement were determined by student performance. Three interconnected groups directed and evaluated the process:

- * The North Central Association Steering Committee oversees the district and building school improvement efforts and sets timelines for the implementation of the NCA correlates. Two teachers and the building principal serve on this committee.
- * At the building level, The Building School Improvement Team is facilitated by the NCA Steering Committee members and includes all teaching staff.
- * Parent Input. Parents were invited to provide input into the school improvement process by way of surveys, serving on goal writing teams, and participating on School Improvement Subcommittees.
- * Evaluation Process. The School Improvement Team monitors student success, which is measured by MEAP tests, IOWA Basic Test, Michigan Literacy Progress Profile, writing prompts, local assessments, the checklist for technology skills, student surveys, and teacher observations.

The North Central Association School Improvement process has a five-year cycle. The Pinecrest goals and objectives were reviewed and the focus for the 2006-2007 school year was the writing goal.

School Improvement Goals

MATHEMATICS: All students will increase their ability to apply mathematical problem-solving skills in a variety of contexts.

WRITING: All students will improve their written expression skills across the curriculum.

Core Curriculum

The goal of education is to provide all learners with a solid foundation of skills, knowledge, and understanding that are necessary for their continual growth and success as students within the school setting and as adults in society. All students have access to the core curriculum. Those students who need help with the curriculum are identified through the Child Study Team (CST) process. Those who qualify for special services have access to reading support, special education and 504 plans. The core curriculum at Pinecrest Elementary School provides learning experiences in all areas of language arts (reading, writing, speaking, listening, spelling), health, music, art, computer instruction and enrichment activities. As a result of the school district's long range school improvement planning process, East Lansing has adopted exit outcomes, which are consistent with those identified by the Department of Education. The curriculum at Pinecrest is aligned to the Michigan Grade Level Content Expectations. Our teachers have access to the GLCEs and they are incorporated our instructional program.

Parent Participation

Parents at Pinecrest are very involved and interested in their children's progress. Our attendance at parent/teacher conference ranges consistently between 95-98%. In addition, parents and teachers meet for a "Curriculum Parent Night" to explain curriculum, teacher expectations and to answer parent's questions.

The Pinecrest Parent Council actively and enthusiastically supports the School Improvement Process by providing leadership and funds for school activities, including reading month activities, fine arts, and guest speakers. The Pinecrest Volunteer program is also an integral part of the school's operation. Our volunteers include retired staff members, parents, and community members who act as tutors, mentors, science fair judges, and assist staff with special projects.

Teacher Qualifications

For the 2006-2007 school year, 100% of our Pinecrest teachers were highly qualified.

Accreditation Status

Pinecrest School met the accreditation standards and criteria from the North Central Accreditation Commission on Accreditation and School Improvement for the 2006-2007 school year. For the 2006-07, Pinecrest met Adequate Yearly Progress (AYP).

Professional Development

Professional growth is a priority at Pinecrest. Our current emphasis is to support our building enhancement goals in literacy and mathematics. The Pinecrest Staff worked together with Red Cedar School staff members to increase their knowledge and to begin to implement a writer's workshop approach to teaching writing.

Points of Pride

- * Pinecrest has a talented and experienced staff that is dedicated and committed to teaching and learning.
- * Pinecrest provides an Early Childhood Education Program for 2 1/2 year olds to 7 year olds who need Special Education Services.
- * Pinecrest School celebrates a 40% rate of student diversity.
- * The Pinecrest H.E.A.R.T. Program is in its twelve year.
- * Pinecrest Parent Council and our volunteer program donate numerous resources, time, and talent to our school. The financial contribution to the school exceeds \$13,000 annually.
- * Pinecrest students serve as library helpers, camera crew, safety squad, and participate in an array of service groups and activities to help them build a positive school-community relationship.
- * The Pinecrest School FRIENDSHOP Enrichment Program served more than 120 students in after school enrichment classes.
- * Fifty students participated in a new after-school opportunity, *Simply Spanish*.
- * The Capital Area Literacy Coalition provided a before school reading tutoring program entitled SUCCEED.
- * Michigan State University places Elementary Interns at Pinecrest each year. During the 2006-2007 school year seven interns were placed as a part of their Teacher Preparation Training Program.
- * Pinecrest has partnered with the Lake Lansing Meijer's Store to support school activities and programs.
- * Pinecrest parents and community members donated more than 600 volunteer hours during the 2006-2007.
- * Pinecrest students read more than three thousand hours during Reading Month.
- * Pinecrest School is a *Bully and Teasing Free Zone*.

For more information on the district, please see the district annual report on our website at: elps.k12.mi.us

LEARNING AND GROWING IN A DIVERSE COMMUNITY

Red Cedar Elementary School, the oldest operating school in the district, serves over 230 students in Kindergarten through fourth grades from 50 countries, 14 states and 25 language groups. We are proud of our global reputation of providing a strong academic focus in a warm, safe, caring climate, and we celebrate our diversity daily.

The Red Cedar staff is committed to providing all students with rich academic experiences. We strive to advance the goals defined in our Mission Statement and School Improvement Plan. We believe the greatest opportunity students have for success is when home, school and community work together. We welcome and encourage active parent participation, and thank our many volunteers for their commitment to Red Cedar Elementary.

Mindy Emerson, Principal

Mission Statement

Red Cedar Schools' mission statement was reviewed by stakeholders and revised in November of 2004. At Red Cedar School we demonstrate excellence by:

- Showing care and respect
- Honoring and celebrating diversity
- Preparing for our future
- Making good choices
- Loving to learn

School Improvement Plan

The Red Cedar School Improvement sub committee disaggregated building scores on our school's MEAP scores and Iowa tests for the past four years, and our school-wide classroom benchmark assessments, for current data. The results are then reported to the staff to inform instruction. The whole staff then reviewed this information to develop strategies and best practice interventions in the select curriculum areas chosen: reading, writing and math.

School Improvement Goals

Our goals for the 2006-07 school year continued our focus on English language arts (reading and writing), and math computation and problem solving as areas of need. Our language arts goal emphasized writing across the curriculum, and staff worked collaboratively in learning and applying innovative teaching strategies. The staff determined this as a need based on findings from our analysis of data. As a staff we also focused on reviewing the Michigan Curriculum Frameworks, State Standards and Benchmarks, and Grade Level Content Expectations in these three areas in terms of our alignment of district adopted curriculum, instruction and assessment. We spent time discussing and sharing techniques to improve the instruction of content across all grade levels. Our goals continue to be:

- * **Writing:** Improve writing across the curriculum.
- * **Reading:** Increase student comprehension of fiction and non-fiction material.
- * **Math:** Increase achievement in math in the areas of problem solving and computation.

Evidence for addressing the goals in reading and writing:

- * Teachers attended district grade-level meetings to guide their instruction of reading, writing and spelling, as well as professional development opportunities outside the district.
- * A year long teacher-led professional learning community provided the basis for our improvement of writing strategies based on Vicki Spandel's body of work, 6 + 1 Traits of Writing, and improved student writing at all levels.
- * We fully utilized the district's English language arts curriculum. In reading, writing and spelling, students engaged in discovery-based activities with the support and guidance of their teachers, and were provided with time to reflect on their learning through discussions and extensive writing opportunities.
- * There continues to be emphasis on literacy, with classroom time spent on reading, writing, oral discussion,

and listening activities for all students. MEAP and Iowa test data identified students needed more exposure to informational text, and appropriate materials were purchased for our reading room and library. This year we incorporated Reader's Theatre strategies for student collaboration and reading fluency at grades 1-4. We continued our home-school book sharing program which allowed the circulation of over 3000 books in grades K-4 this academic year. This was funded, in part, through grants from the East Lansing Educational Foundation and Kiwanis International. Parent volunteers staffed it.

- * Direct instruction in the writing process was increased, and teachers used the balanced literacy approach to reading and writing instruction throughout all grades this year. Student progress was evaluated using the Michigan Literacy Progress Profile and Individual Reading Inventories, with instructional support provided as determined by student needs.
- * Individualized English Language Learning (ELL) instruction and classroom support was provided based upon beginning-of-the-year evaluations and in an ongoing fashion for nearly 100 ELL students throughout the school year.
- * Red Cedar has Title 1 service for identified students in the areas of reading and mathematics.

Evidence for addressing the goals in mathematics:

- * Students in all grade levels used computational activities to strengthen computation skills, and all classrooms utilized "Everyday Math Counts" to enhance problem solving skills.
- * Students showed improved scores in classroom assessments in the computation of basic facts in addition, subtraction, and multiplication.
- * Our program of take home math games was utilized to provide specific skill practice and provide a home-school learning link with our community at grade 2, 3, and 4.

Core Curriculum

The goal of education is to provide all learners with a solid foundation of skills, knowledge, and understanding that are necessary for their continual growth and success as students within the school setting and as adults in a global society. The core curriculum at Red Cedar Elementary School provides learning experiences all areas of language arts (reading, writing, speaking, listening, spelling), math, science and social studies. Our curriculum also includes health, physical education, vocal music, art, computer instruction and use, and enrichment activities. As a result of the school district's long-range school improvement planning process, East Lansing has adopted exit outcomes, which are consistent with those identified by the state. All of Red Cedar's district adopted curricula are aligned to the state standards and benchmarks and grade level content expectations.

Parent Participation

Red Cedar is a K-4 building serving the university housing units of Michigan State University and surrounding neighborhoods. It also serves approximately 28% Schools of Choice families. This presents an opportunity to enhance our parent involvement and maintain a continued spirit of community for all. During the 2006-07, 100% of Red Cedar families were represented at fall conferences and 99% at spring conferences. At the request of parents or staff, student progress meetings were held throughout the year. Parent and community volunteers are an important and appreciated part of our community. Volunteers provided invaluable support assisting in classrooms as mentors and daily support, attending field trips, coordinating classroom events, maintaining our fish tank, indoor and

outdoor gardens, as well as special events, presentations, and projects. The Red Cedar School Association sponsors our ice cream social, hot dog roast/curriculum night, International Dinner and Raffle, outdoor clean-up and garden project, and fund raising activities. Through fundraising efforts, they continued to finance the purchase of our international flags, March is Reading Month activities, plants for our gardens, and are currently fundraising to purchase a message board for the front of our school.

Teacher Qualifications

For 2006-07 school year, 100% of our Red Cedar teachers were highly qualified.

Accreditation Status

Red Cedar's accreditation status for 2006-07 was "B" according to the requirements by the State of Michigan, Red Cedar received a score of 100% on the State Indicator's Performance, and attained Adequate Yearly Progress (AYP) in the 2006-07 school year. We are presently fully accredited by North Central Accreditation as part of the district adopted initiative.

Points of Pride

- * Recognized as one of the most culturally diverse schools in the state, Red Cedar boasts an international student population representing 50 countries, 14 states and 25 languages and dialects.
- * Our Festival of Cultures, an annual spring event, celebrates our diversity through costume, music and dance, performed for the community by our entire student body.
- * Red Cedar is maintained as a safe, secure environment, providing a bully-free and teasing-free school. Red Cedar fully implemented a Violence and Bully Prevention program with training for all staff and students in prevention and reporting of bullying activity.

- * Red Cedar teachers and staff provided enrichment opportunities in the form of Jump Rope Club and participation in the "Feeling Good Mileage Club" walking club. Red Cedar students walked over 1600 miles during March and April in this wellness initiative!
- * Red Cedar hosted "Simply Fun Spanish," an after school language opportunity offering all year.
- * Red Cedar 2006-07 community service projects included the fourth annual East Lansing Trash Bash parade and environmental clean up day, and through our partnership with Foods For Living developed another new garden in May 2007. Students also raised money for the Leukemia Foundation with the teacher-led "Pennies for Patients" initiative. In another teacher-led initiative, as a school we raised nearly \$1000 for the Heifer International Project, which provides sheep, goats, llamas and other animals for sustainable living for families around the world.
- * A partnership with East Lansing's chapter of Kiwanis International provided every third grade student with a personal dictionary to keep and enhanced our K-4 take home book library at grades K-2.
- * In addition to the professional development hours provided by the school district, Red Cedar staff members logged over 2000 hours of professional development in activities in all core areas, technology, and best practice research on teaching during the course of the 2006-07 academic school year.

HONOR , RESPECT, EXCELLENCE FOR ALL

Whitehills Elementary is a safe, healthy, and positive learning environment in which to learn and grow. The pride we have in our school is evident from the moment you enter our bright, inviting building, see the smiles on many faces, and hear the laughter and conversations of people involved in learning and sharing. Our school community is comprised of a dedicated group of parents, teachers and staff working together with shared goals to help every student reach his/her potential. We are committed to excellence in academic and social development, and to becoming important contributors to our community and our global society.

Whitehills Elementary and Glencairn Elementary work in concert to provide a quality education for all fifth and sixth grade students in the East Lansing Public Schools. The prescribed curriculum and course offerings are the same for both schools. Whitehills and Glencairn both utilize team teaching as a structure to facilitate the transition of students from the predominantly self-contained classroom in early elementary, to the six period school day of the middle school. Both schools pursued development of an educational program for violence and bullying behavior prevention and intervention. Both schools implemented mentoring programs in cooperation with Michigan State University students and the Big Brother/Big Sisters organization. Instructional staff from both schools have worked together reviewing and revising curriculum. Whitehills and Glencairn will continue to coordinate the refinement of the vision of education for fifth and sixth grade students in East Lansing.

By using an updated curriculum, well-researched teaching techniques, and current technology, we create a learning environment where all children can meet or exceed the high

standards that are a tradition and hallmark of the East Lansing Public Schools. We emphasize a structured atmosphere with high expectations and minimal distractions, provided within a caring, secure and nurturing environment. Please feel free to stop in or call for a tour of our school. See for yourself why we believe that Whitehills is a truly wonderful place to learn and grow.

Andy Wells, Principal

Mission Statement

Whitehills School, in partnership with families and community, is dedicated to providing a quality education within a safe and caring environment where all are respected and challenged to achieve. All students will develop the necessary skills, knowledge, and responsibility to become productive citizens.

School Improvement Plan

As a recently configured school for fifth and sixth grade students, Whitehills continues to develop a school improvement plan designed for our student population. Using the North Central Association (NCA) accreditation process as a vehicle, the school has completed and received approval of our school profile. The school profile required investigation of existing data on students, data on instruction, unique local characteristics, information from former students, and community data. Based on the data compiled, our mission was reviewed and goals were identified. Action plans have been developed. Recently Whitehills participated in the NCA peer review process. This review confirmed that we are proceeding through the NCA process in a positive manner. The review also provided an opportunity to fine tune and implement strategies to achieve our goals.

School Improvement Goals

The Whitehills school community is working toward the goal of all students improving their writing in a variety of contexts across all content areas. The primary strategies in achieving this goal has been increasing the amount of instructional time devoted to literacy and consistent development and use of the 6 + 1 Traits of Writing instructional framework in all academic settings. Professional development activities have continued and are designed to support this goal.

Strategies to improve the mathematical performance of all students will include a focus on the increased use of standard formative assessments and responsive instruction. Concurrently, the use of specific technological resources and the new aligned math instructional program (Everyday Mathematics and Holt Course 2) will be utilized, and professional development activities will be afforded all instructional staff.

Core Curriculum

The goal of education is to provide all learners with a solid foundation of skills, knowledge, and concepts necessary for continual growth and success as students in an ever-changing world. The core curriculum at Whitehills Elementary School provides excellent learning experiences in all areas of English language arts (reading, writing, speaking, listening, and viewing, as well as grammar and spelling), mathematics, social studies, science, health, physical education, art, instrumental and vocal music, computer applications and usage, and enrichment activities in all of these areas. All pupils at Whitehills are placed in heterogeneous classrooms for instruction in the core academic curriculum. All students have the same opportunity to learn the core curriculum. Qualifying students may receive instruction from Title 1 or English Language Learners personnel, but both programs provide supplemental instruction and the goal remains for all children to learn the core curriculum. All students qualifying for special education services are mainstreamed in the regular classroom

to the extent possible for student success, and appropriate assessment measures are in place to monitor student achievement in the core curriculum.

Parent Participation

Parents and community members are actively involved at Whitehills. Parent attendance at parent-teacher conferences annually is above 95%. This year attendance was 96%.

The Whitehills School Association, consisting of parents, guardians and community members, enriches the school experience for all children. Numerous educational opportunities and school-community social activities are organized and supported by the Whitehills School Association. The parent association continues to augment school communication with regular features in the monthly school newsletter, maintaining the messages on the school marquee sign, surveys of parent interests, and regular meetings open to the public for informational or decision-making purposes. School communication with parents continues to be extensive and varied. School newsletters are distributed to all families monthly and posted on the school web page. Upcoming events and activities are posted on the web page and district cable TV channel as well as the school marquee sign. Individual conferences with parents are convened twice a year and additional meetings with parents are held at teacher or parent request. Parent involvement in school-based decision-making is managed through the parent association and parents had opportunities to attend a workshop addressing the topic of bullying and harassment. Parents and community volunteers are a welcome presence within our school, providing supplementary lessons, assisting with school projects, enhancing the building's appearance, leading an extracurricular activity, joining students for lunch or a field trip, or participating on various committees.

Teacher Qualifications

For the 2006-07 school year, 100% of our Whitehills teachers were highly qualified.

Accreditation Status

Whitehills has been accredited by the North Central Association Commission on Accreditation and School Improvement. For the 2006-07, Whitehills met Adequate Yearly Progress (AYP).

Points of Pride

- * The successful mentor program has continued. Big Brother/Big Sisters mentor program provided additional adult role models for students. The primary focus of the mentor program was to develop positive relationships with youth and build assets in youth that will enable them to live healthy and productive lives.
- * Well known Author/Illustrator Mark Crilly and other local authors presented their work to our students to develop student knowledge and understanding of the author's craft.
- * Whitehills staff continued to focus on the development of student writing skills. Teacher leaders Marge Andrews and Elaine Michener-Israel provided professional growth opportunities for staff, building on previous professional development experiences. The use of the 6+1 Traits of Writing continues to be used through monthly investigations and application of strategies building wide.
- * All fifth and sixth grade students had an opportunity to perform for the community in their chosen music ensemble of choir, orchestra, or band.
- * Students, staff, parents and community members maintained a strong violence prevention program within the school. Anti-bullying skills and strategies, a progressive disciplinary plan, and high expectations all focus on supporting a learning culture that is caring, safe, and orderly.

- * Parent, community, and staff volunteers created numerous learning opportunities through our Lunchtime Seminars. The participation in these clubs vary from year to year depending on student interest and the availability of parent/staff volunteers. Arts and Crafts Club, school newspaper, Spanish Club, tutoring, Operation Green Club, Writer's Workshop, Feeling Good Mileage Club, and Photography Club were great opportunities for our students.
- * Students at Whitehills have demonstrated civic responsibility over the years, through many volunteer efforts. Examples included significant contributions to the American Red Cross food drive, Hurricane Katrina relief and Habitat for Humanity. Our students continue to demonstrate sensitivity towards social issues. They participated in a school-wide food drive this year.
- * Students, staff and community members participated in the development and design of a new playground. The playground was installed for the school and the community in September 2006.
- * Sixth grade students at Whitehills were again selected as Peer Assistance Leaders and received training in peer mediation and conflict resolution. The PALs, with Child Guidance Consultant Mary Griffith and Marianne Vasievich as advisors, provided building tours to new families, assisted with the orientation and transition of fourth grade students, recognized student birthdays, enhanced the school's appearance by planting flowers around the school, and organized school wide celebrations.

Welcome to MacDonald Middle School, a school with a rich tradition of offering students a strong learning environment in which to grow and mature. Supporting this learning environment is an adult community whose members become participating partners with the school in assisting students with their educational journey.

Together as an East Lansing educational community, we will work together to establish a safe, pleasant educational climate where students acquire the skills necessary for success in life including critical thinking, problem solving and the application of essential core content knowledge. Energies will be focused on the unwavering belief in student potential. MacDonald staff believes that together we can teach students to be the best they can be as individuals and as students through the mastery of skills, strategies, content knowledge and positive self-concept. As MacDonald we strive for academic excellence, to be developmentally responsive, and for social equality.

The journey from the end of the 6th grade to the beginning of 9th occurs in dramatically different ways, and developmentally, students move through these years at different rates. MacDonald Middle School services the critical 7th and 8th grade years between elementary school and high school. Research has shown that an effective middle school lays the important academic foundation and preparation necessary for the high school years. Staff must also be sensitive to students' social and emotional needs as they depart elementary school. Programs are designed and scheduled specifically to meet the high academic expectations of East Lansing High School. Classrooms function as learning communities where students have an opportunity to develop positive friendships and experience different teaching styles. MacDonald Middle School provides a core curriculum of English, mathematics, science, social studies and multiple elective course offerings for students to explore their interest and abilities.

MacDonald Middle School electives are: art, band, orchestra, choir, drama, French I and II, Spanish I and II, computer applications, web design, advanced computer animation, technology education, and physical education. The staff and district are proud of MacDonald Middle School and invite you to be a part of our **future.**

Debra J. Auge, MacDonald Principal

School Improvement Plan

MacDonald Middle School is a member of the North Central Association, Commission on Accreditation and School Improvement.

School Mission Statement:

- * In an environment that fosters respectful and supportive relationships, the staff of MacDonald Middle School will use research-based instruction to engage every student in a rigorous and relevant curriculum. We will join parents and community in assisting students to become lifelong learners and responsible citizens.

Our motto:

- * Learning for All....All for Learning.

School Improvement Goals

As part of the NCA school improvement goal-setting process, a school profile was developed in 2004-05. Data from this profile and from the MEAP tests and Iowa Tests of Basic Skills were used to develop two goals to be implemented through the school improvement process. These goals are:

- * All students will demonstrate an improved ability to read and comprehend informational texts.
- * All students will improve their critical thinking skills to solve problems in all curricular areas.

These goals are implemented through modeling, and guided practice in all content area classes.

Core Curriculum

Mathematics: Mathematics students were placed in classes according to the following criteria: Iowa and MEAP test scores, mathematics grades earned the previous year, and teacher recommendation. Allowing students to retake the previous year's math final exam met parent requests for a higher level of placement. Placement was based on the test score earned.

The mathematics curriculum is aligned with the Michigan Curriculum Framework. Regular K-12 meetings were held to analyze MEAP scores and district curriculum.

District K-12 outcomes are aligned yearly with the Michigan Mathematics Benchmarks. K-12 curriculum decisions were introduced and reviewed at the building level. Grades 5-8 math teachers met to discuss benchmarks, curriculum changes, and curriculum alignment. Mathematics class offerings for grades 7 and 8 were consistent in core academic curriculum and instruction. Common grade level assessments have been developed and were implemented. The math department has analyzed the data from the MEAP and identified strands that will be addressed during the 2007-08 school year.

Social Studies: The K-8 social studies chairs met throughout the year in 2006-07 to align the social studies curriculum to the Michigan Curriculum Framework and the Grade Level Content Expectations in Social Studies. Teachers were given the revised curriculum and teaching materials were purchased that support the curriculum. Continued refinement of the curriculum is still occurring at the state level. Accommodations are provided for students with special needs, through special education or English as a Second Language services. All students may receive extra help during non-class time.

English Language Arts: The District K-12 English Language Arts Curriculum has been under revision for the past several years, and is aligned with current Michigan Curriculum Framework standards and benchmarks. The middle school curriculum alignment was completed at the end of the 2005-06 school year and was implemented in 2006-07. The staff is working on developing common assessments for both 7th and 8th grade students.

Science: The Science Department met in regularly scheduled meetings to review benchmarks and evaluate progress toward improving future MEAP scores. New textbooks were purchased for the 7th grade classes to be used in the 2006-07 school year. Supplementary materials were purchased for the 8th grade classes. MacDonald Middle School teachers began working with both the elementary and high school science teachers in 2006-07 to ensure a seamless curriculum between levels.

Parent Participation

The parents/guardians of MacDonald Middle School are very involved in their students' education. They volunteer to chaperone activity nights, raise the necessary funds to support various programs, attend student concerts, plays and art shows, and coach team sports. The time and talents that parents/guardians contribute enhances the educational experience, and we offer a heartfelt thanks to all of our parents/guardians and community volunteers. Without parent participation, MacDonald Middle School would not be able to provide the extra and co-curricular programs that presently meet our students' needs.

Teacher Qualifications

For the 2006-07 school year, 100% of our MacDonald teachers were highly qualified.

Accreditation Status

MacDonald Middle School met Adequate Yearly Progress (AYP) as required by federal NCLB guidelines. The *Education YES!* accreditation report was completed as required by the State of Michigan. MacDonald is also fully accredited by the North Central Association Commission on Accreditation and School Improvement.

Points of Pride

- * Majority of students made the academic honor roll.
- * Students maintained a high rate of proficiency on MEAP tests.
- * Achieved federal AYP standards each year it has been a requirement.
- * Student of the Month program recognized over 50% of the student population for various accomplishments and honors.
- * "Reading/Writing Buddy" partnerships with Marble Elementary students enhanced writing skills and the promotion of relationships within our educational community.
- * Programs offered for at-risk students during and after the school day.
- * Anti-bullying educational program for staff, parents, and students.
- * Anti-bullying educational program and disciplinary rubric for students.
- * State of the art, 600 seat performance auditorium.
- * Latest audio and video technology in classrooms and auditorium.
- * Career Day Presentation to MacDonald Middle School students by community members.
- * Students taking advanced courses at East Lansing High School and Michigan State University.
- * Membership on the Safe Schools/ Safe Community committee.
- * MHSAA athletic program offered in Partnership with the City of East Lansing.
- * Fine Arts performances by choral, band, orchestra and drama students.

For more information on the district, please see the district annual report on our website at: elps.k12.mi.us

Welcome to East Lansing High School and our traditions. We are proud of the rich traditions of excellence which include academics, the arts, athletics and activities. The programs and activities at ELHS are designed to offer students the opportunity to pursue experiences which will enrich their lives for many years to come. Students' time at ELHS should lay the foundation for their future endeavors. Since education is a partnership, the faculty and staff encourage and appreciate parental and community participation.

East Lansing High School offers a comprehensive high school experience ranging from Advanced Placement courses through alternative education courses under one roof. The student enrollment of 1182 students represents 52 nationalities. We appreciate the diversity in our student population and celebrate this in many ways. Our student population is representative of the global workplace and our changing neighborhoods. The class of 2007 produced 228 alumni from ELHS. Nearly 87% of those graduates attend post-secondary colleges and universities with a significant number attending prestigious universities across the state, nation, and Canada. Our students excel on state and national tests. We had one student with perfect ACT scores. ELHS produced ten finalists in the National Merit competition, and three students who earned National Merit Achievement Awards.

The academic program at East Lansing High School includes courses in applied skills, computer and engineering education, English, the arts, world languages, mathematics, physical education, social studies and science. Our students are also presented many opportunities to participate in the performing arts, athletics and club activities. These assure a well-rounded high school experience. We celebrate our students, our staff, and their respective accomplishments. Thank you to the parents/guardians and our community for your generous involvement and investment in ELHS.

As juniors tested for the first time on the ACT/MME. Prior to the testing, students reviewed in classrooms, and parent meetings were held. This reinforces the tradition of academic excellence we expect at ELHS.

We look forward to future generations walking these halls and learning together as we have.

Paula Steele, Principal

Mission Statement

We believe that all students can learn. We believe that learning can best be achieved in an atmosphere of acceptance, high expectations, encouragement, and respect for human dignity. Therefore, the goal of East Lansing High School is to ensure that all students will acquire knowledge, skills, and work habits necessary for the attainment of personal, social, and economic rewards. To reach this goal, we will maintain programs which emphasize academic achievement as well as develop the abilities to learn and adapt to change.

School Improvement Plan

The school improvement process of 2006-07 included a review of MEAP scores, graduation rates, post-secondary plans and reports, as well as a review of student records. Review of the MEAP indicated a need to focus on writing, social studies and science. The faculty agreed to emphasize writing and presentation skills across the curriculum. We also implemented problem-solving labs in science and increased attention to economic principles in the early social studies courses. The school year 2006-07 brought us many opportunities to improve communication with all as we utilized Parentline, Open Houses, conferencing and the web page to send information to our community.

The class of 2007 was the third class to graduate with an increased requirement of 23 credits and a 1.8 grade point average. The East Lansing Public Schools Board of Education adopted new ELHS graduation requirements on April 28, 2007, aligned to new Michigan high school graduation requirements. These requirements begin with the Class of 2011 (students entering ninth grade in 2007-08). The increase in graduation requirements will help ELHS students as we move to more rigorous state sanctioned graduation requirements and testing. The curricular chairs are reviewing the ELHS programs of study to reflect the state standards.

School Improvement Goals

The improvement plan for East Lansing High School continues to focus on setting a strong academic foundation for each student. Students enroll in and complete a rigorous program of study which includes graduation requirements in all academic areas, technology, health, Physical Education and the Arts. Since so many of our students continue on with their education it is only fair that we send them off to postsecondary experiences ready to perform at exemplary levels. As colleges and universities raise their admission standards we too must follow suit. Preparing students for the world of work necessitates experiences in the areas of problem-solving, communication, responsibility and relationship-building. Our goals are as follows:

English/Language Arts: Students will write, speak and use technology to present projects in English classes. When appropriate, students will be grouped to allow development of collaborative skills. English teachers provided writing support for teachers of all subjects.

Mathematics: Students will successfully complete Algebra 1 and advance to higher program courses. The AP Statistics course provided a unique exposure to mathematics for many students. Enrollment in math courses continues to increase.

Science: Ninth and tenth grade students continue to complete Earth Science and Biology and AP Physics. The one additional credit requirement in science expanded the number of students enrolled in science courses.

Social Studies: The focus on integrating economic principles in American History and World Civilizations resulted in student achievement on the MEAP.

Core Curriculum

The goal of education is to provide all learners with a solid foundation of skills, knowledge and understanding that are necessary for their continued growth and success as students within the school setting and as adults in society.

East Lansing High School has an extremely varied curriculum (over 160 courses) which meets the needs of many of our academically talented students.

Students are expected to sign up for and complete a challenging curriculum.

Students who need remedial courses are provided with this support.

Students at East Lansing High School continue to meet or surpass the state average in attendance rates, MEAP scores, SAT/ACT/AP scores, college admission rates and measures of post secondary readiness. The students continue to make adequate yearly progress as evidenced by data records. Students in the ninth, tenth, and eleventh grades have Educational Development Plans (EDPs), which are implemented through the comprehensive guidance process.

College Credit for Dual Enrollment

East Lansing High School accepts external credit from colleges and universities with prior administrative approval.

Also, the counseling department staff works with individual students to help enroll them at MSU or LCC as high school students, should this be an appropriate option for them. In 2006-07, 20 students (7%) received college credits for dual enrollment.

College Level Equivalent Courses

In 2006-2007, 220 students were enrolled in college level equivalent courses, with 90% of the students taking equivalency exams or earning credit. The 220 students include those taking course work at Lansing Community College, Michigan State University, Michigan Virtual High School (AP), other universities and Advanced Placement courses.

Advanced Placement Courses

The following AP courses were offered in the 2006-2007 school year: AP Calculus, BC Calculus, Physics, Biology, Chemistry, French, Spanish, Statistics, English Literature, U.S. History, European History, and Studio Art.

Parent Participation

Fifty-three percent of our parent population attended our parent-teacher conferences this year. East Lansing High School parents are very active in the following groups: Parent Advisory Council, Athletic Boosters, Band and Orchestra Parents Association, Post-Prom, Post-Commencement, North Central Accreditation Team, and assisting with many, many events and activities. Without their help, extracurricular events would not be as meaningful for our students.

Parents are actively involved in open house, curriculum nights, musical performances, plays, and athletic competitions. Over 400 parents assisted with the Parentline newsletter, parent council, scheduling parent teacher conferences, chaperoning student events and serving on numerous committees. We deeply appreciate the excellent parental and community involvement at East Lansing High School.

Teacher Qualifications

For the 2006-07 school year, 100% of our high school teachers were highly qualified.

Accreditation Status

2006-07 represents the third year of a five year North Central Association (NCA) cycle. East Lansing High School has fully met the standards and requirements set by NCA. This accreditation model operates on the theory of continuous improvement. The following multi-year goals were maintained throughout the building: continue to implement a school-wide action plan related to the goal areas of communication, personal responsibilities, writing in all content areas, technology use and improvement of attendance. We worked toward implementation of our goal to raise student achievement in all academic areas. Goal area action teams

were comprised of parents, students and staff. We continue to collect and review data in all areas.

Points of Pride

- * International student population representing 52 countries
- * Winner of Michigan Mathematics Prize Competition
- * Participation in the Michigan Virtual High School program, allowing students to enroll in over 100 accredited courses via the Internet
- * 35 fine arts course offerings
- * Collage Concert each year, spotlighting the talents of singers, artists, dancers, musicians, and actors in a fast paced, electrifying evening of entertainment
- * Perfect ACT score
- * Ten National Merit finalists
- * The ELHS yearbook, CENIAD, is consistently ranked as one of the nation's best high school yearbooks, winning awards each year
- * Varsity Volleyball-CAAC Conference Title
- * Girls' Tennis Champions
- * Girls' Basketball CAAC Title
- * Clubs and organizations to meet the interests of students
- * Community service experiences by many students which enrich the lives of other people
- * State Quiz Bowl winners
- * AP Biology extended learning trip to Key Largo
- * Twelve Academic All State Teams
- * Girls' Golf CAAC Champions Division I Champions
- * Boys' Track & Field State Runner-Up
- * Boys' Tennis 2nd place CAAC
