Board-Approved ELPS COVID-19 Preparedness and Response Plan

- The Board of Education approved the district's COVID-19 Preparedness and Response Plan at last Monday's meeting. Here is a link to the entire plan: https://elps.us/downloads/_news_/elps.preparedness.and.response.plan.final.8.10.20.pdf
- Building communication was released Friday, so please check your emails. Additional communication from principals and teachers is forthcoming.

Fall Athletics and Activities

Friday afternoon, ELPS announced the decision to postpone all fall athletic activities and in-person extra-curricular activities. Our primary goal right now is to do everything we can to create conditions that reduce exposure and risk so that we can get kids back in the classrooms sooner rather than later. We don't believe that we can ensure the safety of all of our student-athletes, marching band students, coaches, advisors, spectators, and the families of these individuals, under current conditions, and this is the primary reason we elected to cancel all fall sports and in-person activities. While concerns around equity were discussed and considered as we evaluated whether or not some sports and activities should continue, the decision to postpone everything is primarily based on health and safety concerns and the responsibility we have to prevent people from getting sick. We fully recognize that not everyone agrees with this decision, but we are choosing to err on the side of caution as there are still many unknowns about this virus and the potential long-term effects it may have on children and adults. Our hope is that all of our fall student-athletes and marching band members will have the opportunity to participate in a shortened spring season and that some of our extra-curricular activities will be able to continue remotely for now or be postponed until we return to in-person learning. We will continue to monitor updates from the Governor's office, Ingham County Health Department, MHSAA and other CAAC districts and adapt as appropriate.
